About Faculty Development Program

Faculty Development Program on Intellectual Property Rights is a program which enables faculty and academicians' awareness of the legal rights given to the inventor or creator to protect his invention or creation for a certain period. IPR is concerned with the protection of tangible and intangible property. It provides rewards and recognition to inventor/contributor for their research design, discoveries, inventions, etc., IPR protection plays a key role in gaining modest advantage in terms of technological gains for achieving higher economic growth in a market driven economy.

FDP Outcomes

- To educate faculty members about IP rights and its features.
- To impart basic knowledge about importance and components of intellectual property rights of among Academicians.
- To train in patent drafting and prior art search and search engines
- To make aware about copyrights and trademarks.
